#### Meet Ron Horn:

At 72 years of age, Ron Horn fulfilled one of his life's dreams by standing on the pitcher's mound, under the big lights of real baseball diamond. On July 15th, Ron had the honor of throwing the first pitch of the Senators' baseball game at Metro Bank Park in Harrisburg. As part of its 50th Anniversary celebration, DDS planned a group trip to see the Senators'. Ron was elected to represent DDS since he is one of its oldest consumers.

As a participant of the DDS-Supported Competitive Employment Program, Ron has worked continually for more than 20 years. He now volunteers on a regular basis at the Good Samaritan Hospital.

DDS has 50 adults enrolled in its Supported Competitive Employment Program, working for such businesses as Fort Indiantown Gap, Giant Food Stores, Home Depot, Lebanon Valley College, Lebanon Valley Mall, Lowe's in Lebanon, Walmart and other locations.
